

Who we represent

Who we are

EAPB is the voice of the European public banking sector

EAPB gathers member organisations from **15** European member states and **2** non member states

The European Association of Public Banks (EAPB) was founded on 4 May 2000

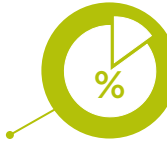

All our members are central & regional government-affiliated, we represent the interests of over **30** public banks, funding agencies and associations of public banks throughout Europe

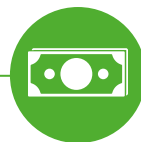

The combined balance sheet total of all EAPB members is around **€ 3.4 trillion**

We indirectly advocate for the interests of approximately **90** financial institutions to the EU and other European stakeholders

Our members constitute an essential part of the European financial sector with a market share of around **15%**

Our members issued over **€40 billion** in social bonds

Our members mobilize investments for societal & sustainable development goals rather than for profit

Our members raised more than **€80 billion** through green bonds

Actors of Growth
Finance with Purpose
Trusted Solutions
